

01.06.2026
Coimbatore

Dear Allan Paulraj V,

Lysa Solutions is pleased to offer you the position of full-time intern reporting to Dr.S.Lovelyn Rose, CEO & Head of AI Research. We are excited about the possibility of you interning with us from 2nd of June 2026, through a minimum duration of 3 month.

You will be expected to work for approximately 44 hours per week (5.5 days), barring scheduled academic commitments. This will be an unpaid internship.

As an intern at Lysa Solutions, you will be required to follow all company policies, especially those that prohibit any employee from bringing with them from any prior employer any proprietary information, trade secrets, proprietary materials, or processes of such former employers.

You should be aware that your engagement at Lysa Solutions is part of an internship program and is expected to last no longer than the dates indicated above. While this internship does not create any entitlement to permanent employment, it is governed by a structured completion process.

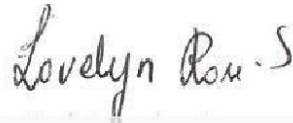

Interns are required to provide a **minimum of 15 days' prior written notice** in case of early resignation or discontinuation. Failure to do so will result in **non-issuance of the internship completion certificate**.

Additionally, interns must **properly hand over all assigned work**, including **source code, documentation, and relevant files**, before the internship is considered complete. The certificate will be issued only after successful verification of the handover and fulfilment of all assigned responsibilities.

Unless otherwise notified by the Company, this offer for an internship is effective for 5 business days from the date of this letter. If the terms of this letter are satisfactory to you, please sign and return a copy of this letter to Lysa Solutions(solutionslysa@gmail.com).

We look forward to having you join us at Lysa Solutions.

Sincerely,

A handwritten signature in black ink that reads "Lovelyn Rose". The signature is written in a cursive, flowing style. Below the signature, there is a faint, light-colored rectangular stamp or watermark.

Dr. S.Lovelyn Rose
CEO/Head of AI, Lysa Solutions
